SECTION II - ASSURANCES

The Applicant hereby gives assurance to the Department of Environment and Natural Resources:

- A. The final plans and specifications have or will be approved by the Division of Water Quality and the applicant so notified, prior to the project being advertised or placed on the market for bids.
- B. The construction contract(s) requires the contractor to furnish performance and payment bonds, each of which is in an amount of not less than one hundred percentum (100%) of the contract price; and to maintain during the life of the contract(s) adequate fire, extended coverage, workmen's compensation, public liability, and property damage insurance.
- C. The construction of the project, including the letting of contracts in connection therewith, conforms to the applicable requirements of State and local laws and ordinances.
- D. Any change or changes in the approved plans and specifications or contract(s) which (has/have) made or will make any major alteration in the work required by the plans and specifications, or which increases the cost of the project above the latest estimate approved by the Department of Environment and Natural Resources, was or will be submitted to the Division of Water Quality for approval.
- E. The construction contract(s) provides that any duly authorized representative of the State will have access to the work whenever it is in preparation or progress, and that the contractor will provide proper facilities for such access and inspection.

- F. The applicant will provide and maintain competent and adequate engineering supervision and inspection of the project to insure that the construction conforms with the approved plans and specifications. Proof of adequate inspection is required as part of the Project Bid Information package.
- G. Adequate accounting and fiscal records will be maintained during the construction of the project and these records will be retained and made available for a period of at least three (3) years following completion of the project.
- H. Each Loan recipient will be required to submit an annual audit, prepared by an independent external auditor, to Construction Grants & Loans Section within six months after the end of the recipient's fiscal year.
- I. All funds loaned pursuant to the Clean Water Revolving Loan & Grant Act of 1987 and the American Recovery and Reinvestment Act of 2009, shall be expended solely for carrying out the approved project and an audit shall be performed in accordance with G.S. 159-34, as amended. **The applicant will expend all of the requisitioned funds for the purpose of paying the costs of the project within three (3) banking days following the receipt of the funds from the State.**
- J. Any duly authorized representative of the Division of Water Quality shall have access, for the purpose of audit and examination, to any books, documents, papers and records of the applicant that are pertinent to funds received under the Act; and the applicant shall submit to the Division of Water Quality such documents and information as it may require in connection with the project.
- K. The applicant shall demonstrate to the satisfaction of the Department of Environment and Natural Resources its ability to pay the remaining or ineligible cost of the project.
- L. The applicant shall demonstrate to the satisfaction of the Department of Environment and Natural Resources that it has or will have a fee simple or such other estate or interest in the site of the project, including necessary easements and rights-of-way, to assure undisturbed use and possession for the purpose of construction and operation for the estimated life of the project prior to the authorization to award construction contracts.
- M. The declarations, assurances, representations, and statements made by the applicant in the application; and all documents, amendments, and communications filed with the Department of Environment and Natural Resources by the applicant in support of its request for a loan will be fulfilled.
- N. The applicant agrees to construct the project or cause it to be constructed to final completion in accordance with the application and plans and specifications approved by the Division of Water Quality.
- O. The completed Project Bid Information form and supporting documentation must be delivered to the Division of Water Quality by June 10th 2009 for Round 1 ARRA Awards.
- P. The Local Government Commission will forward the debt instrument after total project costs are established. The applicant must execute the debt instrument a minimum of ten (10) days prior to the request of disbursement of loan funds.
- Q. **By accepting this loan offer, the applicant agrees to the payment of a one percent (1%) closing fee if the Median Household Income threshold was neither met or exceeded. The payment of this fee is due within six months of the date of this loan offer. An invoice will be sent to the applicant when the Department of Environment and Natural Resources receives the executed offer.**
